

Dunn Carney Allen Higgins & Tongue LLP Selects Hummingbird Enterprise™ for Legal

Hummingbird provides law firm with a robust and feature-rich platform as the firm introduces its attorneys to matter-centric content lifecycle management

Toronto, Ontario – April 11, 2006 – Hummingbird Ltd. (NASDAQ: HUMC, TSX: HUM), a leading global provider of integrated enterprise content management (ECM) and network connectivity solutions, today announced that Dunn Carney Allen Higgins & Tongue LLP, a full service law firm based in Portland, Oregon, has selected Hummingbird Enterprise™ for Legal to provide its attorneys with an advanced document management system to collaboratively share work product and best practices and enable the firm to introduce a matter-centric way of working.

Dunn Carney has provided legal services to clients throughout the Pacific Northwest since 1930. Its clients range from individuals to large organizations, including small businesses, multinational corporations, families, and nonprofit corporations. The Hummingbird Enterprise document management platform will provide the firm with a centralized repository from which lawyers can access and share internal documents, including e-mails and attachments, all stored in matter-centric folders.

“After a thorough evaluation of the leading document management vendors in the legal market, we selected Hummingbird because of its reputation, strong track record and the proven capabilities of its content management software,” said Vickie Cordell, Director of Information Technology, Dunn Carney Allen Higgins & Tongue LLP. “Hummingbird Enterprise will provide our firm with a solid platform and its matter-centric capabilities will improve how our lawyers access, share, manage and store client information, so that they can work more effectively throughout the matter lifecycle.”

Matrix Logic Corporation, a long-standing Hummingbird partner, recommended Hummingbird Enterprise to the law firm based on its reliable architecture, matter-centric capabilities and flexible user interface. Dunn Carney selected Matrix Logic Corporation to provide implementation services for the project, which will include software installation and testing, data migration, training and documentation.

“Hummingbird Enterprise provides the most flexible platform for law firms with complex document management requirements,” said Yuri Frayman, Vice President, Legal Business Solutions, Hummingbird Ltd. “Our proven track record and ability to support firms in handling client information throughout the matter lifecycle will help Dunn Carney to improve operational efficiencies and enhance productivity and client service.”
